RESPONSE TO ELECTION OF SPECIES REQUIREMENT

Responsive to the action mailed March 7, 2005, applicant elects the invention of Species II (Figs. 8-10) and further elects the invention of Species IIA (Fig. 9A). It is believed that the Examiner must intend that Applicant elect one each of Species IIA-IIC and Species IID-IIG, since the former relate to various channel configurations and the latter relate to various edge shapes. If this is correct, Applicant also elects Species IID (Fig. 10A). Claims 1, 10 and 13-15 are generic. Claims 1-3, 5-8, 10, 11, 13-15, and 17-20 read on the elected species. The election is made without traverse.
